Kellogg of the Connecticut state board of charities has issued a general invitation to any who are interested in forming a rection, to be present Wednesday afternoon, July 7, at the office of the armoon, July 7, at the office of the office of any train having struck anyence will be discussed.

Says the Middletown Sun: Among those in this city who have received inwitations to be present at the 250th anniversary of the founding of the city of Norwich is J. Leonard Dol-Mr. Dolbeare is a descendant of Nehemiah Smith, who was one of the original thirty founders of the town in 1659, and was the largest holder of real estate in the colony,

Teachers for the ensuing year have been elected by the school committee of the town of Mansfield. For the Eagleville school # was voted to engage Miss Vera Freeman of Mansfield; for the Mansfield City school, for one term, Miss Nellie Storrs of Mansfield; for the Gurleyville school, Miss Millard of Norwich; and for the Mansfield Depot school Miss Dimock of Mansfield.

MEMORIAL OF JUDGE JACKSON Bulletin Included Among the Newspapers.

On the demise of the late U. S. Judge John Jay Jackson, the father of the injunction, the family of the deceased commissioned the Burrelle Press Clipping bureau in New York to compile a memoral volume as an historical reference. The volume was to contain all that the newspapers printed concerning the life and career of the deceased.

The memorial has been completed,

The memorial has been completed, and has just been delivered to the family. Every newspaper in America and has just been delivered to the family. Every newspaper in America that printed items concerning the deceased is represented, a prominent position being given to The Bulletin. The memorial is ten by twelve inches in size, the leaves are of Irish Irish linen paper, with black border and the binding is of black seal, lettered in gold. The work in its entirety is looked upon as an historical record that should be preserved for all times.

Miss E. M. Potter Graduates.

Ella Marion Potter of Norwich was one of 52 pupils of the New England Conservatory of Music, Boston, to receive diplomas of graduation at the commencement exercises, which were held in Jordan hall of the Conservatory building June 22. Her diploma was for efficient work in the Conservatory's planoforte department, which prepares young men and young women for careers either as concert performers or as teachers of the instrument. Miss Potter took part in the various exercises of commencement week, which included a concert by members of the graduating class on June 18, a reception by seniors on the following day, class day exercises and the class dinner on June 21, and the commencement exercises and alumni reunion on Tuesday last. Miss E. M. Potter Graduates.

CHIEF STANTON ASKS PUBLIC TO HELP.

A Few Suggestions on How to Protept Property on July 4th, 5th, and

As there are bound to be a number of fires on July 4th, 5th and 6th, from fire crackers and fire works, Chief Stanton asks the public io assist the fire department as far as possible by observing the following precautions:

Have your premises, yards and alleyways thoroughly cleaned of all old rubbish and papers, straw, etc., and removed to the dumping ground or destroyed before 6 o'clock p. m., July 2.

Take in under cover all barrels, boxes, etc., or any inflammable material that is liable to add to the danger.

Close all cellars, windows and air

Close all cellars, windows and air ways where a match or crackers could be carelessly dropped.

See that all old papers, hay, excelsior, etc., is removed from under the gretings in your sidewalks.

Learn your nearest fire alarm box and ask some one to teach you how to send in an alarm if you have not been instructed.

If you have a telephone in your home

instructed.

If you have a telephone in your bome or place of business it may be quicker to telephone to some fire station, being careful to give the correct locality and number of house.

Place the numbers of the fire department telephones on your instrument so as to be ready. These should always be there ready for emergency.

Connect your garden hose and have it ready. Also bring your ladder from the barn and have it ready to get to the roof of your house where most of the trouble will be.

HORACE JOHNSON PREDICTS. Electrical Disturbance from July 2 to 4.

Horace Johnson, the weather prophet, writes:

Warn your readers to be prepared from the 2d of July to the 4th for an electrical disturbance in the atmosphere that will be of great force. Likely to be hail. Amateur weather, forecasters put up your lightning rods; go down cellar, dig a hole and get into it. Don't come out until I call you. Yours. Horace Johnson. Middle Haddam, June 27, 1908.

N. B.—Farmers, prepare for a drought during August. H. J. writes:

Dinner to M. C. Higgins, day, and will end at Plattsburg, N.
Y., on July 7, with a banquet, at which many notable persons, including Precident Taft, will be present.

BIG ANNIVERSARY BALL GIVEN UP

Mr. and Mrs. George E. Zimmerman have returned from their wedding Fitfh Company Makes Unfavorable Report and Plan is Abandoned-Many More Decorations Have Been Put Up-Recollections of Fifty Years Ago.

It has been decided by the Fifth company that the outlook is not promising for the big military bail for the anniversary because of the hot weather, and it has therefore been abandoned. This decision was arrived at Tuesday evening at the company meeting, following the drill for the week, at which the committee having the matter in charge made an unfavorable report and as the result it was decided inadvisable to give it. It had been planned to repeat the ball given during the winter with boxes and decorations, but owing to many being out of town and others having guests to entertain, and principally because of the probability of hot weather, samples of which came the past week, it was considered wise to give it up. The company, however, voted \$25 to the anniversary celebration.

Orders were read for the particips.

Orders were read for the participation in the historical reproductions and the parade Monday and there was con-siderable discussion regarding the ap-proaching tour of duty. Six recruits have been enlisted recently.

More Decorations to Go Up.

Norwich can be said to be in the hands of the decorators this week and they are doing a quick but neat job, working from moraing until midnight.

The strings of flags which the city ordered have all been put up and the work of putting up the strings of electric lights, alternating with the strings of flags, was started on Tnesday. They were put up in Broadway. Shetucket street, and for some distance in Main street and will probably be all up by tonight.

The work on the city hall was started on Tuesday. Across the front has been placed the electric sign, "1659—Welcome—1909," while on the roof over the entrance a large star lighted by incandescent lights is placed.

Broadway theater has been given an attractive dress, while the Osgood building has been draped in tricolors. St. Mary's T. A. B. building is handsomely decorated, as is the Brewer building in Broadway.

In West Main street, the building belonging to the Robert Brown estate has been trimmed in pretty style, while the Simmons cafe, with its patriotic draperies attracts much attention. Schwartz Bros. have covered the front of their building with flags and More Decorations to Go Up.

tion. Schwartz Bros. have covered the front of their building with flags and bunting, while the Breed building is likewise swathed in red, white and blue streamers and festoons of colors.

Dr. Tingley's office is attractive with the prevailing colors white the Main the prevailing colors, while the Main street fire station attracts much attention, the decorating scheme being effectively carried out. Dr. Cassidy's office has festoons and streamers well arranged, while the building in which the Singer Sewing Machine office and L A Dunn's pharmacy are is the J. A. Dunn's pharmacy are is the rival of many others in the decorative

The Merchants National bank front with its decorations of patriotic colors demands attention, while The Porteous & Mitchell Co. have covered the front of their building with flags, bunting, and electric lights, arranged with taste and skill. M. Hourigan is displaying the red, white and blue in a pleasing manner, while the F. A. Wells Co., Henry Allen & Son and H. D. Barrows business places are all in festive dress. Gotthelf & Co., F. A. Bill, Murphy & Nichols, Hagberg & Sons and A. Raphael have had artists at work on their places with effective results in the The Merchants National bank front

Henry Dearing & Son have decorated their building, as have Messra. Hodge and Bailey their stables.

. Masonic Temple Open. Masonic Temple Open.

There was a meeting of the officers of the bodies in the Masonic temple on Tuesday evening regarding the keeping the temple open during the celebration. It is to be open Monday from ten until one and Tuesday from ten until five o'clock. In the basement the Putnam Phalanx will have their headquarters and meals, bringing a chef and assistants with them. They get here via the Central Vermont at 9.30 o'clock Monday morning. They will remain here but one day, returning by special train Monday night at 9 o'clock. With them on their special will come Hatch's band.

A tent has been placed over what

will come Hatch's band.

A tent has been placed over what remains of the ground floor in the Plaut-Cadden burned building on Main street and soda and light refreshments will be served there during the celebration.

The committee on hospitality believes that there should be some arrangements made for refreshments at Chelsea parade, but so far as they know none has been made thus far.

All Ready for Airship.

All Ready for Airship.

Captain Baldwin was at work all day Tuesday at the Fair Grounds, getting things ready for the flights of his California Arrow airship and by night had the machinery all set up so that he was ready to begin to manufacture gas by evening, if it had been necessary. Getting the airship ready to go up is a lengthy operation, as it takes 45 hours to manufacture the gas for the inflation of the cylindrical bag from which the propelling and steering apparatus is suspended. The captain said Tuesday evening that the length of his exhibition flights here would depend very much upon the wind that prevailed at the time. They might vary from 10 to 50 minutes. He was most anxious to give the public all it was expecting, so that no risks would be taken in the first few flights that would imperil his chances of making the sub-sequent ones scheduled. He was charmed with the location which he had found at the Fair Grounds for his ascensions, and said he thought he had never found any better place in all his experience, and everything ought to work finely on that account.

Major John Mason's Sweed

Major John Mason's Sword. Former Street Commissioner Charles
J. Hewitt of New London will have a
unique part in the celebration at Norwich next week of the 250 anniversary
of the founding of the town. Mr.
Hewitt is to carry to Norwich for exhibition a famous award a sword

Mr. Hewitt was invited by the New London County Historical society, in whose possession the sword now is, to carry the sword to Norwich and to return with it after the exhibit because he is a lineal descendant of the Mason family and when the sword was presented to the historical society Mr. Hewitt was the medium between the donor. Asa Lyman Gallup, of Groton, and the society. The society thought it particularly fitting that Mr. Hewitt should be the one to do this and Mr. Hewitt was delighted to perform the service. He will carry it to Norwich Friday or Saturday of this week and will return with it on Wednesday or Thursday of next week.

This sword was on exhibition in 1359 at the celebration of the 200th annie versary of the founding of Norwich and also in 1386 at the unveiling of the

at the celebration of the 200th anmic versary of the founding of Norwich and also in 1886 at the unveiling of the Mason statue in Mystic. It is particularly appropriate for the sword to be exhibited at an anniversary celebration at Norwich because Major Mason and a Rev. Mr. Fitch were instrumental in the founding of Norwich.

The sword descended from Major John Mason to his son, Capt. Daniel Mason, to his son, Nehemiah Mason, to his son, Andrew Mason, who presented it to his nephew, Andrew Gallup, who was wounded in Fort Griswold, placed in the wagon that was rolled down the steep bank, but survived and lived to an old age. The sword was presented to Mr. Gallup while he was recovering from his wounds and given him on the condition that it should be kept in the family line. From Andrew Gallup it was handed down to his son, Asa Lyman Gallup, having no children, recently presented the sword to the Asa Lyman Gallup having no children, recently presented the aword to the County Historical society and it was conveyed to the rooms by his relative in the Mason family, Charles J. Hew-

It will be noted that Mr. Gallup is spoken of as being alive. He is now dead, having passed away shortly after this article appeared.

New London Participants. Some of the New London letter carriers expect to parade in the anniver-sary celebration parade at Norwich July 5. The state association is not to parade nor are the local cities of the state to parade as branches; but the Norwich carriers are making an effort to assemble as many carriers in uniform as possible from all parts of the state for this event. New London carriers have been invited to do this. They are considering the proposition, and it is probable that at least a few will march in the parade.

the red, white and blue in a pleasing manner, while the F. A. Wells Co., Henry Allen & Son and H. D. Barrows business places are all in feative dress. Gotthelf & Co., F. A. Bull, Murphy & Nichols, Hagberg & Sons and A. Raphash have had artists at work on their places with effective results in the decorating line.

The Manhatton stere front has all the available space decorated and a gorgeous display of electric lights, while N. Tarrant & Co., John Heynholds, Herman Jackel, The Cak and J. W. Mallett have shown the properspirit and decked their places with the prevailing colors.

Young's building in Franklin square has been covered with the three colors and a picture of Washington done in a manner which attracts much attention. The Plank, Joseph Peringer and the tenants of the Shields building have decorated their places effectively. Daniel J. McCormick, D. Norwick, Rumford & Co., the Quick Lunch room, have had displays of flags and bunting placed on the front lunch room, have had displays of flags and bunting placed on the front lunch room, have had displays of flags and bunting placed on the front lunch room, have had displays of flags and bunting placed on the front of their places in Franklin street. Mrs. Thumm and the National Biscuit company are also among those in Franklin street to decorate their places.

At the Buckingham Memorial, the three sides of the famous old places here overed with colors arranged in festoons, with streamers and at the northwest corner has been made by these business houses and property owners, yet there remains plant yowners, yet there remained to the foundar

anniversary. The firm then was composed of H. Colton, Mr. Gilbert and the Hon, Henry Ruggies, of whom the latter two only are surviving. Mr. Ruggles was in charge of the clerical work of the firm and Mr. Gilbert the head man of everything in the cabinetmaking line, which was carried on in the factory on chestnut street.

In the parade the firm of H. Colton & Co. was represented by a four-horse team on which was a big heav high post bedstead, made of Rio Janeiro rosewood, valued at \$390, and with a tag on it indicating that it was to go to the governor of Alabama. This indicated the extensive southern trade of the company, which kept from 25 to 30 men busy under Mr. Gilbert at the shop. Also in the parade they had a two-horse team with a very fine piece of work in a smaller mahogany set.

Mr. Gilbert recollects quite positively that he rods with the big resewood bedstead, and up near General Harland's he recalls that the cornice struck the branches of trees and knocked down some black walnuts. the branches of trees and knocked down some black walnuts.

Seats at Theater. Plans for the allotment of seats ! the Broadway theater to the literary exercises on useday afternoon, July 5 have been perfected. The orchestra boxes and stage will be reserved for boxes and stage will be reserved for the town and city officials, the officials of the town who are within the origi-nal nine miles square, the distinguish-ed guests and their entertainers, the speakers of the day and choir. The orchestra circle, baleony and gallery will be placed at the disposal of the public, which can obtain seats by written application to John C. Averill, chairman.

Two Old Houses.

An electrical sign showing the figures "1750" has been placed upon the residence of ex-Mayor Calvin L. Harwood, which is the old John Breed house, and was built in the year indicated by Gershem Breed.

Near by on the opposite side of Washington street is another of the old-time residences, No. 23 Washington street, built in 1750 for Gen. Joseph Williams. It was later known as the Kinney homestead, and is now occupied by Mr. and Mrs. Nelson H. Moore and family. The great-grandfather of Mrs. Moore built the house for General Williams. Two Old Houses.

Rev. Neilson Pee Carey and Alfred Moffitt left on Tuesday for a trip to Europe, C. A. Marx filing the latters place during their absence.
